All international qualifications are checked against the following: National Office of Overseas Skills Recognition (NOOSR) guidelines published by the Department of Education for equivalence to Australian qualifications, providing official source of comparison information and advice on international education and training systems and overseas skills qualifications.

5.0 Enrolment

A student's enrolment in the Diploma and Foundation Studies consists of a selection of subjects which defines a course of study, the amount and timing of that study, and the fees and charges that will be applied. Students are responsible for submitting a valid enrolment that is in accordance with student rules, policies and procedures, course requirements, and any other criteria the student is required to meet. All Diploma and Foundation Studies students must submit a valid enrolment for each trimester by the specified due date using La Trobe College Australia's online enrolment system available in the student portal, unless otherwise advised by La Trobe College Australia.

All ELICOS students (Melbourne Campus) will be placed in class according to their chosen course and level of English, as determined by an accepted test of English or La Trobe College Australia's Placement Test.

ELICOS students must pay the fees due as entered on their letter of offer, before they will be allowed to attend classes. ELICOS students may only join their class in Week 1 of the course. Students must defer if they cannot arrive by the end of Week 1.

Foundation Studies and Diploma Program students may only join their class up to the end of Week 1 of the course. Where extenuating circumstances arise, students will be allowed to enroll and commence their class after Week 1 at the discretion of the senior management.

La Trobe College Australia reserves the right to reject an enrolment which is attempted after the due date.

6.0 Principles of Enrolment

Offers are made to applicants who have the background and abilities to have a reasonable expectation of success in the course for which they have applied. Offers are made based on demonstrated achievement, especially academic achievement, but may also take account of other factors such as demonstrated commitment and specific achievements. La Trobe College Australia will publish the course selection criteria to be applied in each course of study. La Trobe College Australia seeks to provide access to all persons. The Access, Equity and Equal Opportunity Policy can be found at <https://www.latrobecollegeaustralia.edu.au/current-students/resources/policies-procedures-forms>

7.0 Nomination of Subjects of Study

A student in Diploma and Foundation Studies is required to enrol in a set of subjects each trimester by enrolling in each subject which they intend to undertake. The subjects selected must conform with the requirements of the course to which the student has been admitted, and must satisfy any requirements for the course.

A student may not be permitted to attend classes, access teaching materials, or engage in the teaching activities of the subject, unless enrolled in that subject. It is the student's responsibility to check that they are enrolled in the correct subject(s) each trimester. Students are able to check their enrolment, add and withdraw subjects, and select the appropriate subjects offered using the online enrolment system on the Student Portal.

A student may be prevented from enrolling in a course of study where:

- the last date for adding subjects for the trimester has passed;
- the subject is not offered in the nominated trimester;
- the subject is not offered in the course for which they received an offer of admission;
- the student does not satisfy the prerequisite conditions for the subject;
- the subject is closed because the maximum enrolment number specified for the subject has been reached;
- the student is attempting to enroll in more than 60 credit points in the trimester

A student may be permitted to lodge their enrolment in spite of these conditions if the Academic Director/College Director/ Campus Director, or nominee, determines that special circumstances warrant the submission of the enrolment course (see 19.0 Special Entry).

8.0 Enrolment Status

The following statuses are used by La Trobe College Australia in relation to student enrolments:

- Accepted an offer of admission to a course of study;
- Have completed the enrolment procedures prescribed by La Trobe College Australia;
- Paid such fees and charges as La Trobe College Australia may require to be paid as a condition of enrolment, this includes all tuition and non-tuition fees;
- Completed any other procedures which may be required as a condition of enrolment.

Withdrawn - approval to withdraw enrolment or withdraw from a course in a trimester/term and have no subjects in a future trimester/term.

Did Not Enrol - failure to enrol for an academic trimester/term by the due date – student's status will be changed to withdrawn.

No notification will be made to student in this case where student has abandoned their studies without notifying La Trobe College Australia.

Terminated - enrolment status used in situation whereby La Trobe College Australia cancels enrolment or excludes a student from further study under a relevant policy.

Past – completed one or more subjects (or term in ELICOS) or graduated from a course.

Leave of absence – it is not a current practice at La Trobe College Australia to grant leave of absence. A student's attendance will be affected if they are absent from class unless deferral or suspension or cancellation has been approved by La Trobe College Australia.

9.0 Continuity of Enrolment

A student is deemed to be currently enrolled from the date on which the student has undertaken the enrolment requirements for a given trimester/term until the release of that trimester's or term's results, unless:

- the student has been granted approval to withdraw their enrolment, withdraw from all courses in a trimester/term or defer for a period of one trimester/term;
- La Trobe College Australia terminates the student's enrolment or excludes the student in accordance with the provisions of this or other policies of La Trobe College Australia;
- the student has completed all requirements of a course and is eligible to graduate.

10.0 Withdrawing from Subjects

An FSDP student may apply to withdraw from a subject by advising the Academic Coordinator and completing a Variation to Enrolment Form. Financial and academic penalties will be applied according to the date the student's application to withdraw was submitted to LTCA.

The following academic penalties will be applied according to the date the student's application was received:

- Withdrawal from subject after commencing study and before the census date will mean the subject is removed from the academic record and No Penalty is awarded.
-
- After the census date and before the end of Week 8, the subject is included on the academic record with a grade of Withdrawn [WD] (no academic penalty).
-
- After Week 8, and before the end of the final teaching week for the Trimester, the subject is included on the academic record with a grade of Withdrawn Late [KN] (counted as a fail)
-
- A student may not withdraw from a subject after the last day of teaching for the Trimester in which they are enrolled.
-
- Where a student applies to withdraw from an entire course the above academic penalties will be applied according to the date of withdrawal.

To determine the financial penalties for withdrawing from a subject, refer to LTCA's Refund Policy found on the LTCA website (<https://www.latrobecollegeaustralia.edu.au/content/dam/navitas/upa/ltca/pdfs/policies-procedures/review-of-marks-policy.pdf>)

11.0 Academic Load

A student's academic load for Foundation Studies and Diploma Programs is determined by the credit point value for the courses in which the student is enrolled when compared to the standard course load for a trimester. The Standard Diploma Course consists of 3 subjects in the first trimester, 3 subjects in the second trimester and 2 subjects in the third trimester. The Fast-Track Diploma Course is delivered over 2 trimesters and consists of 4 subjects in each trimester.

Unless otherwise specified the minimum grade which must be obtained to satisfy a pre-requisite condition is a pass grade .

14.0 Responsibility for Prerequisite Check

It is the student's responsibility to ensure that pre-requisite and co-requisite conditions are satisfied when adding a subject to their enrolment. If a student fails a subject in one trimester which is a prerequisite for a subject in which the student expects to enrol in a future trimester, it is the student's responsibility to amend their enrolment for the later trimester.

If a student fails to amend an enrolment that does not satisfy pre-requisite conditions when requested in writing to do so, the student's enrolment in the subject concerned may be cancelled.

15.0 Right to Amend Enrolment Program

If the above conditions have not been satisfied, La Trobe College Australia may amend a student's enrolment program.

16.0 Confirmation of Enrolment

- An approved deferral of study has been granted.
- La Trobe College Australia has suspended a student for a period of their course of study.

Students who do not believe they will complete their course within the timeframe specified on their CoE should contact the relevant Academic Coordinator.

La Trobe College Australia retains the right to refuse the issuance of transcripts and testamurs or any other relevant documents to students where it is identified that the student has failed to meet their enrolment obligations of paying all tuition and non-tuition fees to LTCA. Non-payment of fees may also lead to students not being able to graduate from their desired course. The student may further be prevented from re-enrolling in subsequent trimesters.

Students will be charged a late fee, where they do not make necessary payments to LTCA by the due date.

A student may be given special consideration due to extenuating circumstances at the discretion of the College Director/ Principal.
