CHOOSE LA TROBE UNIVERSITY

AT LA TROBE, YOU'LL BE JOINING AMBITIOUS GLOBAL THINKERS.

When you become a part of the La Trobe community, you'll get an experience that sets you up for life. More than a piece of paper, a La Trobe degree is the mark of someone with the skills and experience to make a difference and tackle the big issues of our time.

You'll learn from expert teachers with the latest technology at your fingertips, and graduate with practical skills, industry connections, and strong career outcomes.

Rated 'well above standard' in 19 fields of research, including Nursing, Biological Sciences, and Statistics (ERA, 2015-16), La Trobe is one of Australia's top universities.

More than 200,000 students have graduated from La Trobe University since we opened our doors in 1967 - including CEO's of prominent organisations, human rights activists, researchers, and Olympians.

IMMERSE YOURSELF IN STUDENT LIFE

The La Trobe Student Association offers plenty of opportunities for you to make friends and have fun while you study. Choose from over 100 clubs and societies to join, attend a trivia night, or be part of a production with the Student Theatre and Film group.

GRADUATE AHEAD OF THE GAME

La Trobe is committed to making sure you graduate with both the technical skills and the personal attributes you need to make your career goals a reality.

Developed in conjunction with industry leaders, the University's Career Ready program allows you to take control of your career management, build the skills and attributes employers want, and track your progress while you study.

You'll also have the opportunity to access an impressive range of Career Ready activities including work experience, masterclasses, boot camps, employer networking opportunities, and online workshops.

THRIVE IN A MODERN ENVIRONMENT

La Trobe University has seven campuses across Victoria and New South Wales, including two modern campuses in Sydney and Melbourne - two of the world's best cities.

Learn how to use data in the Bachelor of Business Analytics as you get hands-on with industry-leading software and digital platforms. Or explore the inner workings of the natural world in state-of-the-art laboratories at the La Trobe Institute for Molecular Science.

GET THE PATHWAY ADVANTAGE

YOUR BEST PATHWAY INTO A SECOND YEAR DEGREE

Complete a La Trobe College Australia Diploma and go straight into the second year of a La Trobe University Bachelor's degree, subject to minimum grade requirements.

FAST-TRACK YOUR STUDIES

Opt to complete a 12-month Diploma in just eight months. This means you transition into the second year of your La Trobe University Bachelor's degree in less than a year.

IDEAL LEARNING ENVIRONMENT

Benefit from small class sizes in a state-of-the-art campus featuring the latest technology to help you succeed.

THE UNIVERSITY EXPERIENCE FROM DAY ONE

Located on campus in both Melbourne and Sydney, you'll immediately feel like a university student with access to all the best facilities, social activities, and clubs.

EXPERT TEACHERS

Supercharge your learning with highly qualified lecturers who specialise in university preparation.

EXTRA SUPPORT

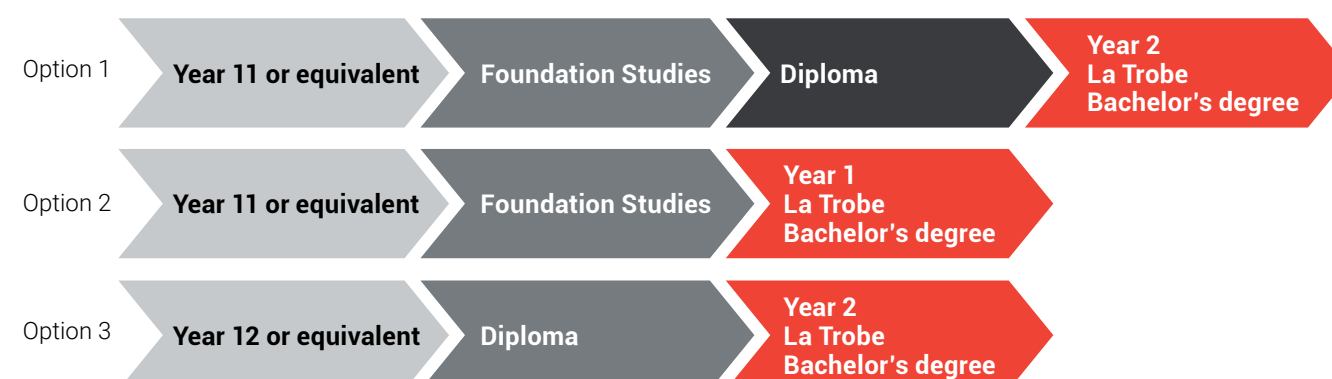

We focus on creating a personalised learning environment with smaller class sizes and greater access to academic staff to ensure you're successful in your studies.

You will have access to a dedicated Academic Support Teacher and a range of free workshops that focus on developing study skills, exam preparation, essay writing, and more.

STUDENT MENTORS

We offer a student support service where you can meet one-on-one for support to integrate into college life. Our student mentors have completed a La Trobe College Diploma, so they understand the challenges and are familiar with the learning tasks you'll be facing. All our student mentors are currently in the 2nd or 3rd year of their La Trobe Bachelor degree.

YOUR PATHWAY OPTIONS

DIPLOMA OF BIOSCIENCE

THE DIPLOMA OF BIOSCIENCE INTRODUCES YOU TO BIOLOGY, CHEMISTRY, AND ECOLOGY WHILE PROVIDING A PATHWAY INTO A RANGE OF SCIENCE COURSES OFFERED AT LA TROBE UNIVERSITY.

Learn about the structure, functions, and interactions of living organisms while developing your scientific skills. You'll start to explore big issues such as climate change, the protection of endangered animals, and cancer treatment as a part of the course.

Depending on the Bachelor's degree you want to study at La Trobe University, you'll also be able to choose subjects which will equip you with the skills and knowledge needed to succeed throughout your studies.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

- After successfully completing the Diploma of Bioscience, you can transfer into the second year or receive credit towards a:
- Bachelor of Agriculture
 - Bachelor of Animal and Veterinary Biosciences
 - Bachelor of Biological Sciences
 - Bachelor of Biomedicine
 - Bachelor of Science
- Majors available:
- Biochemistry
 - Botany
 - Chemistry
 - Genetics
 - Microbiology
 - Statistics
 - Zoology
- See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

Molecules, Genes and Cells	Ecology, Evolution and Biodiversity
Chemistry Foundations	Applications of Chemistry
Human Bioscience A	Infections, Pandemics and Epidemics
Statistics for Life Sciences	Plus one elective module

*Note: Human Biosciences B is the required elective module for students wishing to enter the Bachelor of Biomedicine

Learn more: <https://www.latrobecollegeaustralia.edu.au/study-options/diplomas/bioscience>

CAREER OUTCOMES

- A career in science doesn't always have to begin or end in the lab. La Trobe University graduates have pursued a variety of careers, including:
- Animal welfare officer
 - Animal technician
 - Biochemist
 - Biomedical researcher
 - Biotechnologist
 - Chemist
 - Environmental consultant
 - Geneticist
 - Physicist
 - Plant scientist
 - Researcher
 - Statistician
 - Zoologist

DIPLOMA OF BUSINESS

START BUILDING THE KNOWLEDGE AND SKILLS YOU NEED FOR A CAREER IN A RANGE OF AREAS WITHIN THE BUSINESS SECTOR.

Our Diploma of Business provides an introduction to a range of business disciplines prior to you choosing the area you wish to specialise in while studying your Bachelor's at La Trobe University.

You'll study the big issues affecting all businesses globally, including trade barriers, sustainability and the environment, while also gaining an introduction to economics, accounting and finance.

Depending on the Bachelor's you wish to study, you'll start to gain knowledge and be able to develop essential analytical and writing skills, which will help you design and evaluate innovative solutions in the workplace.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Business, you can transfer straight into the second year of a:

- Bachelor of Accounting
- Bachelor of Business
- Bachelor of Business Analytics
- Bachelor of Commerce

Majors available within the above degrees include:

- Accounting
- Agribusiness
- Business Analytics
- Digital Business
- Economics
- Event Management
- Finance
- Human Resource Management
- International Business
- Management
- Marketing
- Tourism and Hospitality

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

During your Diploma of Business, you'll study a total of eight units before graduation. Core and elective units will depend on your preferred Bachelor degree.

Core Units	Elective Units
Data Analytics Concepts	Fundamentals of Marketing
Economic Issues & Public Policy	Fundamentals of Accounting
Organisational Behaviour	Fundamentals of Finance
Sustainability	Introduction to Tourism, Hospitality & Events
	Introduction to International Business
	Introduction to Business & Company Law
	Programming Environment
	Disruption in Business

CAREER OUTCOMES

Whether you're planning to become an entrepreneur or complete a major in Accounting or Finance, La Trobe University's business courses have allowed graduates to pursue a variety of careers, such as:

- Accountant
- Account manager
- Auditor
- Business analyst
- Consultant
- Content producer
- Events coordinator
- Financial analyst
- Human resources manager
- Import/export agent
- Market researcher
- Marketing coordinator
- Recruitment consultant
- Social media coordinator
- Sport manager

DIPLOMA OF BUSINESS ANALYTICS

MAKE A MEANINGFUL IMPACT WITH A CAREER IN DEMAND

Our new Diploma of Business Analytics is the perfect pathway to the second year of the Bachelor of Business Analytics at La Trobe University.

With technology evolving at a rapid pace, analytics is the future of business and harnessing the power of data is vital in developing and implementing meaningful business solutions.

You will develop skills relating to data analytics tools, understand the importance of social media and visualisation, learn how to blend business know-how with key analytics and discover information technology skills and business fundamentals.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Business Analytics, you can transfer straight into the second year of a:

- Bachelor of Business Analytics
- Bachelor of Accounting
- Bachelor of Business
- Bachelor of Commerce

Majors available within the above degrees include:

- Accounting
- Agribusiness
- Business Analytics
- Digital Business
- Economics
- Enterprise
- Event Management
- Finance
- Human Resource Management
- International Business
- Management
- Marketing
- Sport Management
- Tourism and Hospitality

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

CAREER OUTCOMES

Whether you're planning to become an entrepreneur or complete a major in Accounting or Finance, La Trobe University's business courses have allowed graduates to pursue a variety of careers, such as:

- Data scientist
- Business analyst.
- Management consultant
- Innovation consultant
- Asset investment analyst

DIPLOMA OF CYBERSECURITY

OUR NEW PATHWAY PROGRAM IN CYBERSECURITY OFFERS YOU THE OPPORTUNITY TO STEP INTO THE RAPIDLY EVOLVING DIGITAL WORLD OF CYBERSECURITY.

Upon completion of the diploma, you will enter the second year of the Bachelor of Cybersecurity at La Trobe University.

Students will build a highly specialised technical skillset as you learn about the history of hacking, build your coding expertise, and access industry-based projects and mentoring opportunities with major corporations.

As a cybersecurity expert you will learn to:

Cybersecurity fundamentals

- Learn the basic principles and best practices of cybersecurity. Understand how it mitigates cyber vulnerabilities and protects confidential information.
- Ethical hacking and defence
- Gain evaluation techniques to assess the security of network configuration and apply these skills to defend against network-based threats.

Programming and cyber algorithms

- Explore the widely used Python programming language and learn how algorithms are used to solve cybersecurity challenges.

Network engineering

- Study the architecture of computer networks and the internet, and examine protocols and services used in the defence of online information.
- Cyber governance and risk management
- Learn the frameworks for cybersecurity governance and risk mitigation based on your emerging understanding of business strategy and risk appetite.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Business, you can transfer straight into the second year of a:

- **Bachelor of Cybersecurity**
- **Bachelor of Information Technology**

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

Throughout your Diploma of Cybersecurity, you will study a total of eight units before graduation and articulating into the degree program. The Diploma consists of six core units and two elective units.

Core Units	Elective Units
Data Based Critical Thinking	Making Sense of Data
Introduction to Cybersecurity	Sustainability
Inside Information Technology	Organisational Behaviour
Programming for Engineers and Scientists	
Network Engineering Fundamentals	
Cybersecurity in Practice	

CAREER OUTCOMES

Once you finish the Diploma of Cybersecurity and the Bachelor of Cybersecurity, you may find roles in the following fields:

- Ethical hacker
- Cryptographer/cryptanalyst
- Security architect
- Cybersecurity policy adviser
- Software developer

DIPLOMA OF ENGINEERING

USING A MULTIDISCIPLINARY APPROACH, THE DIPLOMA OF ENGINEERING IS A PRACTICAL COURSE WHICH WILL PREPARE YOU TO DESIGN SUSTAINABLE AND CREATIVE SOLUTIONS TO COMPLEX AND TECHNICAL PROBLEMS.

You'll get an introduction to civil, electrical and mechanical engineering, and begin to make ideas commercially viable as you bring them to life.

Depending on your chosen La Trobe degree, you'll develop skills in a number of core areas like biomedical engineering, communication engineering, electronic and electrical systems, sustainability in energy production, automotive engineering, the application of technology in modern medicine, project management of largescale projects, sustainable infrastructure, water resources, civil construction, surveying and computer-aided design.

While studying the Diploma of Engineering, you'll also develop your mathematical and physical skills while learning programming techniques commonly used by engineers and scientists.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Engineering, you can transfer straight into the second year of a:

- Bachelor of Civil Engineering (Honours)
- Bachelor of Science (Maths Major)

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

Programming for Engineers and Scientists	Engineering Design & Problem Solving
Introduction to Electrical & Electronic Engineering	Mechanics of Solids
Principles of Physics A	Modelling Change In Science, Society and Engineering
Computer Aided Design	Tools for Modelling the World

Navitas Bundoora Pty Ltd trading as La Trobe College Australia ABN 92 143 736 789 TEQSA PRV12186 – Institute of Higher Education (4417), CRICOS Code 03312D; La Trobe University TEQSA PRV12132 – Australian University (3020), CRICOS Code 00115M

Learn more: <https://www.latrobecollegeaustralia.edu.au/study-options/diplomas/engineering>

CAREER OUTCOMES

From being involved in the design and construction of infrastructure to finding creative and sustainable solutions to technical problems, an engineering degree from La Trobe University has helped graduates pursue a range of careers including:

- Civil engineer
- Engineering consultant
- Geotechnical engineer
- Industrial engineer
- Large-scale project manager
- Local or state government planner
- Logistician
- Project estimator
- Research and development engineer
- Structural engineer

DIPLOMA OF HEALTH SCIENCES

LA TROBE UNIVERSITY IS ONE OF AUSTRALIA'S LEADING HEALTH EDUCATION PROVIDERS AND OFFERS AN IDEAL ENTRY INTO A CAREER AS A HEALTH PROFESSIONAL.

The Diploma of Health Sciences provides an introduction into a range of health professions, and can help you discover your ideal role in the rapidly evolving health sector.

You'll be introduced to the anatomical organisation of the body, the basics of cell structure and function, and the fundamentals of the nervous and endocrine systems. You'll also begin to learn how the particular characteristics and actions of a person can impact health and welfare.

As La Trobe has a strong focus on gaining practical experience, you'll explore key concepts which underpin effective professional practice in allied health care, nursing and human service disciplines.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Health Sciences, you can transfer into the second year or receive credit towards a:

- Bachelor of Occupational Therapy (Honours)
- Bachelor of Orthoptics (Honours)
- Bachelor of Physiotherapy (Honours)
- Bachelor of Podiatry (Honours)
- Bachelor of Prosthetics and Orthotics (Honours)
- Bachelor of Speech Pathology (Honours)
- Bachelor of Health Sciences
- Bachelor of Food and Nutrition
- Bachelor of Nursing
- Bachelor of Paramedic Practice with Honours (Bendigo campus only)

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

Core Units	Elective Units
Human Biosciences A	Principles of Public Health
Research and Evidence in Practice	Introduction to Health Promotion
Understanding Health and Wellbeing	Foundations of Professional Communication
Making Sense of Data	Human Bioscience B
	Molecules, Genes and Cells
	Introduction to Nutrition
	Food Security and Sustainable Food Systems
	Chemistry Foundations
	Scientific Foundations of Psychology
	Introductory Psychology: People and Culture

*Please note that this course is currently undergoing revision and the subjects shown above may change. Additionally, the subjects and majors available after articulation to the Bachelor of Health Sciences are also subject to change.

Navitas Bundoora Pty Ltd trading as La Trobe College Australia ABN 92 143 736 789 TEQSA PRV12186 – Institute of Higher Education (4417), CRICOS Code 03312D; La Trobe University TEQSA PRV12132 – Australian University (3020), CRICOS Code 00115M

Learn more: <https://www.latrobecollegeaustralia.edu.au/study-options/diplomas/health-sciences>

CAREER OUTCOMES

La Trobe University has a reputation for excellence in health research and education. Health graduates work in hospitals, early intervention centres, private practices and research institutions. Many have pursued careers as nurses, physiotherapists, nutritionists, podiatrists, and other professions within the health sector.

DIPLOMA OF INFORMATION TECHNOLOGY

STUDY IN ONE OF AUSTRALIA'S FASTEST GROWING INDUSTRIES AND BEGIN TO EXPLORE SOME OF THE BIG ISSUES IN INFORMATION TECHNOLOGY, INCLUDING HACKING, PRIVACY, AND SECURITY.

The Diploma of Information Technology provides a broad introduction to computing, after which you'll progress to a more specialised area during your degree.

You'll begin to develop an understanding of the architecture and functions of computer networks, learn how to analyse and design information systems and create solutions to programming problems while learning programming language.

WHAT YOU'LL BE STUDYING

During your Diploma of Information Technology, you'll study a total of eight units before graduation.

Core Units	Elective Units
Data-Based Critical Thinking	Making Sense of Data
Introduction to Cybersecurity	Economic Issues and Public Policy
Inside Information Technology	Sustainability
Network Engineering Fundamentals	Organisational Behaviour
Programming for Engineers and Scientists	

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Information Technology, you can transfer straight into the second year of a:

- Bachelor of Information Technology
- Bachelor of Cybersecurity

Majors available within the Bachelor of Information Technology:

- Artificial Intelligence
- Cloud Analytics
- Data Science
- Information Systems
- Network Engineering
- Software Engineering

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

CAREER OUTCOMES

With technology continuing to transform workplaces, new careers which require advanced computer skills are becoming more common. La Trobe University graduates have gone on to work as a:

- Business analyst
- Computer support specialist
- IT consultant
- IT project manager
- Network administrator
- Programmer
- Software developer
- Systems analyst
- Web administrator
- Web developer

DIPLOMA OF MEDIA AND COMMUNICATION

GET AN INTRODUCTION TO THE RAPIDLY EVOLVING MEDIA AND COMMUNICATION LANDSCAPE AND BEGIN TO BUILD THE SKILLS AND KNOWLEDGE YOU NEED TO SUCCEED.

You'll learn about the shifting roles and responsibilities of journalists and journalism within modern societies while learning how to write short-form news articles for print and radio.

Start to learn the processes and skills required for interviewing while being introduced to strategic communication and the mediums of screen and sound. You'll study subjects and skills that are relevant to all areas of specialisation offered at La Trobe University.

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Media and Communication, you can transfer straight into the second year of a:

- Bachelor of Arts (major in Screen, Media and Performance)
- Bachelor of Arts (all majors other than Screen, Media and Performance)
- Bachelor of Media and Communication

Majors available:

- Creative and Professional Writing
- Journalism
- Marketing
- Sports Media

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

WHAT YOU'LL BE STUDYING

Core Units	Elective Units
Writing for Media	Fundamentals of Marketing
The Interview	Sustainability
The Emerging Journalist	Introduction to Psychological Science: People and Culture
Professional Writing	Making Sense of Data
Making Media	Introduction to Tourism, Hospitality and Events
	Sport Management

CAREER OUTCOMES

La Trobe University media and communication graduates have gone on to become adaptive, multi-skilled media professionals in roles such as:

- Camera operator
- Communications coordinator
- Content creator
- Copywriter
- Journalist
- Media liaison officer
- Presenter
- Publicist
- Reporter
- Screenwriter
- Social media manager
- Sports journalist
- Video producer

DIPLOMA OF PSYCHOLOGY

IF YOU'RE INTERESTED IN PSYCHOLOGY OR AIM TO BECOME A PROFESSIONAL PSYCHOLOGIST, THE DIPLOMA OF PSYCHOLOGY OFFERS A HANDS-ON PATHWAY INTO UNIVERSITY STUDIES.

You'll get an introduction to subjects relating to statistics, psychology and human behaviour, with a focus on clinical neuroscience. You'll also learn about the psychology of culture and global citizenship, human relationships and even animal-human relationships. After meeting minimum subject requirements, you'll be able to start in the second year of a Bachelor of Psychological Science at La Trobe University. Graduates of this degree often pursue careers as counsellors, public health workers, child protection officers, rehabilitation workers, youth workers or even human resources officers.

If you're planning to work as a registered psychologist, you'll need to undertake further studies after your Bachelor's, including a fourth year of study and a postgraduate degree or work placement.

WHAT YOU'LL BE STUDYING

Core Units	Elective Units
Scientific Foundations of Psychology	Introduction to Professional Practice
Introductory Psychology: Brain and Mind	Individual Determinants of Health
Introductory Psychology: People and Culture	Sustainability
Applied Psychology	Social Determinants of Health
	Organisational Behaviour
	Professional Writing

*Note: An elective is a subject from any other Diploma course and elective options are not limited to those listed above.

Navitas Bundoora Pty Ltd trading as La Trobe College Australia ABN 92 143 736 789 TEQSA PRV12186 – Institute of Higher Education (4417), CRICOS Code 03312D; La Trobe University TEQSA PRV12132 – Australian University (3020), CRICOS Code 00115M

Learn more: <https://www.latrobecollegeaustralia.edu.au/study-options/diplomas/psychology>

YOUR PATHWAY TO A LA TROBE UNIVERSITY DEGREE

After successfully completing the Diploma of Psychology, you can transfer into the second year of a:

- Bachelor of Psychological Science

See pages 24-25 for a full list of courses, minimum grade requirements, and available spaces.

CAREER OUTCOMES

Upon completion of the postgraduate degree, you'll have flexible pathways toward careers that include:

Clinical psychologist

Assess people's psychological state. Diagnose and develop a management plan for treatment and recovery. Manage caseloads and referrals. Counsel patients, document sessions, report to management and liaise with government departments when necessary.

Public health worker

Use your knowledge and expertise to support your patients and their communities.

Rehabilitation worker

Work with people suffering from addiction and help them achieve meaning and stability in their lives.

Youth worker

Work with youth to help them stay healthy, happy and well adjusted.

KEY DATES AND HOW TO APPLY

FOR ENTRY INTO LA TROBE COLLEGE AUSTRALIA'S MARCH INTAKE ONLY, AUSTRALIAN STUDENTS SHOULD APPLY THROUGH THE VICTORIAN TERTIARY ADMISSIONS CENTRE (VTAC). ONLINE VTAC APPLICATIONS OPEN IN JULY FOR STUDENTS STARTING IN THE FOLLOWING YEAR.

You can apply through VTAC if you are:

- an Australian citizen
- an Australian permanent resident
- a New Zealand citizen
- a temporary resident currently studying Australian Year 12 or International Baccalaureate in Australia or New Zealand.

For more information on how to apply through VTAC, visit vtac.edu.au

VTAC COURSE CODES FOR AUSTRALIAN STUDENTS

See pages 26-27 or visit <https://www.latrobecollegeaustralia.edu.au/how-apply/current-year-12-students/> for a list of VTAC codes.

APPLYING DIRECTLY TO LA TROBE COLLEGE AUSTRALIA

As an Australian student, you can apply directly to the College if: you're applying for the July or October intakes at the College; or

- you have previous higher education study, vocational education or training, or work and life experience; or
- you're not intending to apply to more than one institution or for more than one course at the College; or
- the VTAC rounds have closed for the March intake.

Visit <https://www.latrobecollegeaustralia.edu.au/how-apply> to apply directly.

Before you submit your application, make sure you've uploaded:

- All academic qualifications
- Employment documents and a resume (if applicable)
- Evidence of citizenship or residency (for example, your passport, birth certificate, citizenship certificate, or visa)
- You may also want to submit a personal statement to support your document.

Please contact study@latrobemelbourne.edu.au if you need help with your direct application.

WHAT HAPPENS NEXT?

If your application is successful, you'll receive a Letter of Offer explaining the course that has been offered, the fees payable, orientation and course commencement dates. You'll also receive an acceptance form that outlines the College's Conditions of Enrolment and Refund Policy.

To secure your place at the College, you must return your signed Acceptance form and pay tuition fees as specified in your Letter of Offer. Tuition fees can be paid via FEE-HELP (if eligible) or FLYWIRE.

TURNING EDUCATION ON ITS HEAD

At our Melbourne (Bundoora) Campus, you'll find this upside-down statue of our namesake Charles La Trobe. La Trobe was driven by his need to make a difference to the communities he served and 'turn ideas on their heads.'

MOST-SATISFIED STUDENTS ✓

La Trobe is rated #1 in Australia for most-satisfied students, with fivestars for teaching staff, student support, learning resources, opportunities and career prospects, and campus amenities.

Canstar Blue, 2023, Best-Rated Universities in Australia (2023)

#1

We're the best Victorian university for overall employer satisfaction, with a rating of 85.9%.

Quality Indicators for Learning and Teaching (QILT), 2024, 2023 Employer Satisfaction Survey [PDF, 4.7MB]

NET ZERO 0

La Trobe's four regional campuses are net zero, with Melbourne (Bundoora) to follow by 2029.

1%

TOP UNIVERSITIES WORLDWIDE

La Trobe is in the top 1% of universities, placing us within the top 250 of universities worldwide.

Times Higher Education (THE), 2024, World University Rankings 2025; Consejo Superior de Investigaciones Científicas (CSIC), 2023, Ranking Web of Universities

LEARN WITH INDUSTRY

La Trobe partners with top employers and organisations, giving you options for placements, work-integrated learning, internships and more.

DIFFERENT WAYS INTO UNI

Don't be defined by your ATAR!
